

Career Opportunity

Intermediate Mechanical Designer/Draftsperson

Brunette Machinery Co. Inc. has been a leading supplier of wood processing machinery for the Sawmill, Pulp and Paper, and Biomass/Pellet manufacturing industries for over 75 years.

We are looking for an **Intermediate Mechanical Designer/Draftsperson** with the following skills:

- Excellent English communication skills and the ability to take on a project from verbal or written instructions
- Aptitude for creative problem solving and willingness to accept constructive criticism and changes
- Strong computer skills with experience using AutoCad, and Microsoft Office Suite. MS Project is an asset
- Functional & competent in tolerancing and welding procedures
- Experience in manufacturing processes. Hands-on experience with machine shop practices is an asset
- Basic understanding of pneumatic, electrical & hydraulic systems and experience with powertrain component selection
- Engineering and calculations for stress and fatigue.
- Ability to organize, prioritize, maintain high quality of work, and quickly learn new skills

Responsibilities include, but are not limited to:

- Working closely with Engineering and Production teams in the preparation of designs and working drawings
- Checking drawings for conformance to industry drafting standards. Processing Engineering Change Orders (ECO)
- Generating detailed cut-lists and BOM's from completed drawings.
- Assisting, maintaining and recommending improvements in design concepts, layouts, detailed drawings and solutions
- Ensuring form, fit and function of multiple components.
- Costing estimates and "Value" Engineering.
- Monitoring and reporting progress to senior management.

Requirements:

- You **must** have a **minimum** of 2 years experience in SolidWorks and 3D modeling
- You **must** have 3 to 7 years drafting experience

This is a full-time position based out of Surrey, BC. This position is an integral part our Engineering team with the main function of operating a SolidWorks workstation and participating in the design and detailing of various projects including the manufacturing of Capital Equipment, Research and Development and process improvement primarily for the Forestry and Biomass Industries.

Benefits include (after a probationary period):

- Medical benefits including vision and dental
- RRSP Matching program

Competitive salary commensurate with experience

Apply by emailing your resume (including a cover letter) to careers@brunettemc.com

The subject line of your email must include: "**Intermediate Mechanical Designer/Draftsperson – YOUR NAME**"

While we thank all applicants for their interests, only shortlisted candidates will be contacted
