

QUALITY PARTS & SERVICE

BRUNETTE
MACHINERY Co.

Does your GRIZZLY MILL HOG grate look like this?

- Is your Hog grate worn beyond repair?
- Is it impossible to rebuild the grate pockets?
- Is the liner worn through?

Did you know that your GRIZZLY MILL HOG grate can be rebuilt with a new liner?

Send your worn grate to Brunette and we will:

- Cut out the used liner from the frame.
- Replace it with a new AR500 formed liner.
- Sleeve and re-bore the grate frame mounting holes.
- Install new bushings.

Compared to replacing your entire grate — you can **SAVE MONEY** by relining your worn grate with an AR500 formed liner.

We offer multiple grate liners to suit your **specific particle size**.
